UTILITY DISTRICT MAY ERECT POWER PLANT

SUN BEAMS

By WALTER M. BARRETT

Without solicitation more than $100 has been contributed to the fish raising program for the Truckee river during the past two weeks. That would indicate that Truckee really is alert to the fact that the project is a vital one here and that local interests will not allow it to die. The $100, while marking the right step, is still far from the required goal and during the coming week a concerted drive will be made to secure the necessary sum. We hope to have a long list of donors to publish in the next issue.

This week the Truckee Public Utility District directors took the first step toward construction of a locally owned and operated power generating plant. As explained, the project gives promise of another advancement in Truckee and should meet with the full support of everyone in the district, although that is hoping too much we know. Let it suffice that the majority, with a thought for progress will sanction the step. If power can be generated locally for half what we are now paying, there is every reason to believe rates can be lowered and power supplied by a Truckee development. It is not too much to believe that the time is not far distant when even the proposed plant must be enlarged.

Work is scheduled to be started immediately on a $90,000 WPA project at the Auburn Ski Club at Cisco, according to word from the club's president. William Gibbs McAdoo is given credit for the application's approval, but the people who pay the bill are evidentally forgotten. After all its an easy matter to spent if it is costing you nothing and we dare say "dear Mac" will contribute little of that $90,000 personally. And incidentally why can't Truckee benefit from this big spending program. We certainly contribute our share to the development of other areas through WPA, forest service and other federal agencies.

We wonder why that worried, worn look on the faces of so many candidates. It is a safe wager that they will be greatly relieved—win, lose or draw—after August 30.

WATER RATES FOR SUBDIVISION FIXED BY UTILITY BOARD

During their meeting here Tuesday the directors of the Truckee Public Utility District tentatively fixed the rates for water in the new Gateway Park Subdivision at a minimum of $2 per month, the rate now charged by other companies in Truckee. All establishments will be metered, it was decided.

The water service in the subdivision has been completely installed with a pump at the source of supply guaranteeing sufficient water for all current purposes.

A member of the state board of health was here recently and examined and approved the well or spring from which the distirct water is supplied.

Three Alarms In Week Keep TVD Equipment Busy

Sackett House Damaged As Oil Stove Explodes In Bathroom

KEARNEY LOSES CARS

Third Alarm Fruitless When Motorist Beats Firemen To Punch

The fire department was called out three times within the past week.

Two of the fires caused considerable damage, but the third proved a false alarm.

Last Saturday afternoon the house owned by Mrs. Carrie Sackett near the high school was damaged to the extent of between $750 and $1000 as an oil stove used in the bathroom exploded. Three rooms were damaged before the fire department which made a record run, had the situation under control.

The house was occupied by Mr. and Mrs. William Kallenbach and family.

On Monday night a false alarm was sounded when a car, the owner of which was not immediately known, caught fire on the hill near the high school. The driver immediately threw sand on the flames and drove away leaving the firemen and scores of others seeking the cause of the alarm.

Wednesday morning a fire starting near a pile of old railroad ties in Frank Kearney's yard spread and burned two cars, four cords of wood and a power saw as well as threatening the buildings on the place.

An alarm was turned in to the forest service and the Truckee equipment was immediately dispatched to the scene and controlled the situation. Kearney was advised that a tramp had built a fire near the wood pile during the night and left it uncovered and it spread to the cars and ties.

Fire Chief Dolley was in charge of the two fires.

LINEMAN INJURED IN FALL FROM POLE IN TAHOE REGION

Word from Reno today was to the effect that Darryl Gaiennie, employed by the Sierra Pacific Power company, was not seriously injured when he fell from a power pole near Incline at Lake Tahoe Wednesday. Gaiennie was hurried to Reno in an unconscious condition where X-rays were taken to determine the extent of his injuries.

Two Firemen Added To Department To Take Place of Old Members

Hess Cardinal and Roy Waters are the two new members of the local fire department, replacing Elmo Granata and Addison Nelson. Gino Giovannoni was elected lieutenant to take the office formerly held by Granata.

RAPP APPOINTED TO LOYALTON POSTOFFICE

Hyle Rapp of Royalton has received official notification from Washington that he has been appointed postmaster to take the place of his late father, W. H. Rapp. The present postmaster has been acting in that capacity since the resignation of his father and following a recent examination proved the successful applicant for the place. The Rapps at one time lived in Truckee.

Mrs. McIver Is Grandma Twice In Single Day

Becoming a grandmother twice in the same day caused Mrs. James McIver to be very happy on Wednesday morning upon learning that Mr. and Mrs. Victor Cassidy of Downieville are the parents of twin boys born Tuesday night at the Sutter Hospital in Sacramento.

The father of the young family is the owner and editor of the Mountain Messenger, the Downieville newspaper and the grandson of Mrs. McIver. He is well known here where he spent the early years of his life.

The children are said to have weighed 4½ and 5½ pounds. Mrs. Cassidy and the sons are reported getting along nicely, although the father is in a serious state of bewilderment.

Sparks Noses Out Truckee Baseball Team In Game Here

Local Team To Meet CCC Ttam From Rubicon On Sunday

The Truckee American Legion team was defeated in a close game on the local diamond by the Sparks Merchants last Sunday.

The final score was 9 to 8 when Frank Giovannoni's fly into center field stopped the 11th hour rally by the Truckee club. The Sparks team rolled up 13 hits and four errors and Truckee was credited with 11 hits and charged with five errors.

Sparks was forced to employ two pitchers to defeat the Truckee lads while Giovannoni pitched the full nine innings for Truckee.

Al Brazil was high hitter for the local boys with three hits while B. Tassone of Sparks scored three hits, one a home run.

Next Sunday the local boys will meet the Rubican Point CCC team at the Truckee diamond.

FIRE CONTROLLED

A forest fire which raged along the Bear River between Colfax and Gold Run was brought under control early Saturday, forest officials said.

Three Injured Over Weekend In Mishaps In Truckee District

One Man Near Death As Rim Of Tire Crushes His Jaws

Weekend accidents near Truckee sent one man to a hospital near death and injured two other less seriously.

J. W. Holquic, tire expert employed by the Condon Construction Company at Boca, narrowly escaped death Saturday evening when a rim from a huge tire he was repairing flew off under 400 pounds pressure, striking him on one side of his face and head. The side of his face was torn away and both jaws were fractured. It was at first thought he was dead, but he revived and was taken to a Reno hospital where he is expected to recover.

Norman McClung, 21, and Walter West, 23, both of Sacramento, employed by the Pacific Telephone and Telegraph Company on construction work here, suffered severe lacerations and bruises when the car driven by West struck a pole near the McIver dairy Monday morning and was wrecked. West was believed to have fallen asleep at the wheel after the night drive from Sacramento.

Henry Kister ,also of Sacramento, a third occupant of the car was not injured.

Both injured men wer able to rejoin their crew which left the same day for Winnamucca.

Joe Saia, vegetable man, lost a rear wheel from his truck near Tahoe Monday, but escaped injury.

COUNTY SCHOOLS TO GET $196,000 FROM STATE THIS YEAR

Nevada County has been allocated $196,452 for the support of the schools for the current fiscal year, according to an announcement by Dr. Walter F. Dexter, state superintendent of public instruction.

All the California schools will receive $74,715,685 in state funds. Of the amount $42,287,368 will go to the elementary schools, $30,341,326 to the high schools and $2,086,990 to the junior colleges.

Visit Friends—

James Percy and William Stelzner of Graeagle visited friends at Hobart Mills on Sunday. Both are former residents of that town.

Modern Equipment, Efficient Operator Prevent Tragedy When Fire Starts In Theatre

The infallibility of modern theater equipment, coupled with the quick thinking and action of Merritt Shattuck, operator of the Tahoe Theater at Kings Beach, last Tuesday averted a panic and possibly a tragedy.

When a projection bulb exploded, a very rare occurance, in the fireproof projection room, while the shorts were being shown, a roll of film was ignited and the small room immediately filled with smoke and flames.

Something had to be done quickly. The theater was filled to capacity. Shattuck, with presence of mind, switched the machine onto the first reel of the feature picture and the audience never so much as turned a head in the direction of the blaze in the projection room.

The operator rushed out, seized some old blankets and clothing in a nearby store and with these temporarily smothered the flames. When the fire started with renewed vigor, he ran again into the hall, always careful to keep the doors closed so the fire could not escape from its confined quarters, and dashed back with two buckets filled with plaster which had been used by workmen repairing the building. This means of extinguishing the flames proved only temporary again, but by this time two fellow employes were on the scene with water and soon the fire was completely out.

The audience continued, meantime, to enjoy the feature. A vagrant flame ignited a drape just outisde the flame-filled room, but this was stamped out at once by Shattuck. This only bit of danger to the occupants of the building was caused when the operator, on one of his hurried trips from the inferno, was followed by a wisp of fire.

A few drops of water trickled from the overhanging projection room onto the heads of the spectators below, but were unaware of the source, and aside from this trivial annoyance, none was even so much as inconvenienced by the alarming situation.

All the Shattuck theaters are equip ped with the fire-proof projection rooms and other modern safety measures, but this marked the first time, Shattuck declared, that they have ever been called into use.

Many of that big audience last week will probably be surprised to learn that they sat in safety watching an enjoyable program, but with a room filled with fire right over their heads.

Snow Removal On Donner Summit Costs $400 a Mile

The unusually heavy snowfall in the vicinity of Donner Summit last winter was the reason for the sharp increase in the cost of snow removal, according to figures of District Engineer Charles H. Whitmore.

During normal years snow removal is required on 415 miles at an average annual cost of $110,000 or $220 a mile. Last winter a total fall of nearly 600 inches was recorded at Donner and the cost of removal jumped to approximately $170,000 or $400 per mile.

A total of $44,000,000 will be required to place the road and bridges in District Three in condition in order to accomodate adequately the present amount of travel over 1,375 miles including Nevada and 10 other counties.

Surrounding Unions Will Receive Bids To Celebrate Here

Plans Progressing Here For Gala Celebration On Labor Day

Labor Day will be celebrated at Truckee in a big way for a small community, according to plans made by the sponsor, Boca Dam and Construction Workers Union, Local 402.

Invitations are being sent to the CIO affiliates in northern California and Nevada, covering 20 organizations, Chairman James P. Miller said. A large attendance is expected from Westwood and Nevada City districts as well as many other surrounding points within a radius of 100 miles of Truckee.

Miller has announced close cooperation will be forthcoming from the citizens of Truckee in return for the successful Fourth of July celebration when the CIO cooperated so fully with the fire department.

The program will include a parade, barbecue, sports and speaking on labor and political topics. The local Winter Sports field will be used for the location.

All proceeds from the affair will go to the Chamber of Commerce for civic purposes, Miller said.

TAXES INCREASE AS CHARITIES PROVE EXPENSIVE ITEM

Due principally to the huge increase in money spent under the heading of charities and corrections, the Nevada County tax rate has been tentatively set at $1.60, 30 cents higher than last year, according to R. N. McCormack, county clerk.

The board will meet Saturday to complete consideration of the 1938-39 budget. It was revealed that $271,650 was spent on the items held responsible for the increase, $100,000 more than was anticipated. This year's figure is expected to equal or exceed that of the past 12 months.

The tentative tax rate is divided as follows: General fund, $1.18; salary fund, 27 cents; junior college, six cens; Veterans Memorial Building at Grass Valley, four cents; Veterans' Building, Truckee, four cents and the San Francisco exposition, one cent.

SPENDING PASSES BILLION DOLLAR MARK THIS WEEK

WASHINGTON, Aug. 11— (UP)— Government spending for the 1939 fiscal year passed the $1,000,000,000 mark August 8, the treasury disclosed this week.

In less than six weeks after the new fiscal year began, total outlays amounted to $1,026,914,981 producing a gross deficit for the period of $439,499,640.

Application Will Be Made For PWA Funds For Plant

Excessive Cost Of Power Is Given As Need For Expansion

WOULD COST $100,000

Application Must Be Given Approval By Sept. 30, Says Board

Directors of the Truckee Public Utility District Tuesday night passed a resolution authorizing the manager, C. Edmunds, to make application for a Public Works Administration grant for the purpose of erecting a power plant here.

The estimated cost of the proposed plant was fixed at $100,000.

The district for some months past, Edmunds said, has had an engineer on the ground investigating the feasibility of such a project and his reports are most encouraging.

For the past five years, the local power load is up over 30 per cent and power purchased has gone up accordingly and the district's bill for the supply has increased alarmingly.

When organized ten years ago on July 7, 1928 the annual power bills to the district were approximately $6,000. Now, Edmunds declared, they are well over $1000 a month or $12,000 a year, doubled in ten years.

During the ten years, the district has paid the Sierra Power Company over $81,000 and has nothing but the service rendered to show for the expenditure.

With the proposed local plant, it was announced power can be generated for about half what it now costs and rates will be effected accordingly.

Favorable terms offered by the government makes the time opportune. The application, Edmunds said, must be approved not later than September 30 in order to have the grant available.

The plant, if plans are completed as now outlined, will probably be located on the Truckee River. It is proposed to develop 500 KWH, the directors said. The directors are C. B. White, C. E. Smith and Frank Powell.

Mrs. Seymour Hostess At Brockway Honoring Visitors At Reception

Mrs. George Seymour of Brockway entertained a group of friends from Calpine, Truckee and Hobart Mills on Thursday, honoring her guests Mrs. E. I. Snow and daughter Miss Irene Snow of Napa, who have visited her for the past few weeks.

The guests were entertained at luncheon and an afternoon of playing bridge. Guests were Mrs. George Small, Mrs. Jess Muller, Mrs. Fred Weber, Mrs. Harry Warren, Mrs. Thed Hutchins and Mrs. Edwin McIntosh of Calpine; Mrs. E. C. Murray of Hobart Mills; Mrs. H. G. Seibold, Mrs. P. W Lazier and Mrs. Frank Wilson of Truckee and Mrs. A. E Sorenson of Tahoe Vista and the honored guests. Awards for high score went to Mrs. Lazier, Mrs. Sorensen and Miss Snow.

EXAMINATION CALLED TO SELECT POSTMASTER AT HOBART MILLS ON SEPT. 2

Applications from those desiring to take the examination for postmaster at Hobart Mills will close September 2, it was announced by the postal department this week.

The examination will be held at Reno. The compensation for the office last fiscal year was $1100.

A feature of the Women's Day at the California State Fair on September 7 will be a long hair contest, the judging to take place during the special luncheon in the assembly hall.

SCHOOLDAYS BEGIN!

Schoolbells again ring out across California!

To harried mothers their chime is glad tidings, but to carefree youngsters their sound spells the end of easy-going hours filled with adventurous fun.

Youth is oftentimes a rebel, but seldom more so than he is when he kicks his heels against that first plunge into the three R's.

Yet the healthy discipline of the classroom, new playmates and new tasks to master in readin', writin' and 'rithmetic, help to tam the rebellious spirits speedily--until another summer, and another call to the classroom rolls around.

Every school-going youngster, whether he or she knows it or not, is a partner in a serious and significant business. In a few years' time, he and his classmates will be running this state and this nation of ours, helping shape and direct the destiny of America, economically, politically and socially.

Perhaps they'll be able to make their fathers and grandfathers look like bungling amateurs at the job of running business ad government. They may achieve miracles in the field of medical science that have been lying right under this generations nose, waiting to be discovered. They may erect cities with more sunlight and clean air, and with less noise and smoky skies.

It all depends. The job of building character and brains, and stimulating imagination and wholesome skepticism, is a mutual one where neither parents, schools, or teachers dare shirk their equal obligations to the youth of today—the makers of tomorrow's world.

That high task again resumes this month as schoolbells ring out and an army of young Californians, 1,000,00 strong answer the call!

EVERYBODY PAYS

Treasury department experts are launching an elaborate inquiry into the pros and cons of tapping the little mans pocketbook and cutting the big spead in the ratio which now has only one person in twenty-five paying a federal income tax.

But an enormous number of people, who care nothing about state or Federal expenitures, believe they are enjoying a free ride at government expense because they pay no taxes directly. They forget that everybody who rides, pays. Hidden taxes puncture purses at every turn, adding their costs to everything from telephone messages, radio sets and cameras to shaving cream and tobacco.

The little man may not know it, but he divvies up billions for the government's upkeep! And when the upkeep increases, so do hidden taxes.

Even the sales tax is preferable to these secret levies for it is open and direct, though in California it has become subject to abuses.

A producer of enormous revenue, it has tended to encourage extravagance. In the biennium 1935-37, it poured $158,595,519 into the state tills. In the current biennium, it will produce an estimated $183,700,000, more revenue per year than the combined total recieved by 13 other states where such a tax exists!

Nebraska Democratic Candidate Forced To Vote Republican Ballot

LINCOLN, Neb., August 18—Fred W. Bartzatt, unsuccessful Democratic guovernorship aspirant at the recent primary, was very put out.

Upon coming t othe polls, he was given a Republican ballot. He objected but his protestations were ignored, the clerk pointed out the registration card listed him as a Republican. Bartzatt then protested to the city clerk, with equal effectiveness. So, not to be cheated out of his vote, he cast his unwanted Republican ballot and went home.

German-American Club Endorses Riley

Statewide endorsement of Ray L. Riley's candidacy for the U. S. Senate by the Steuben Society of America this week was announced by Col. Henry Kult, Chairman of the California Council.

The Steuben Society is the national political organization of American citizens of German descent. The 1930 census showed 526,791 German-Americans in California.

Railroad Commissioner Riley had previously received the endorsements of the chapters of the Steuben Society in Alameda, Los Angeles, San Diego, San Francisco and Monterey counties.

NEW YORK COALATION

The best bet of the Republican-Right Wing Democratic coalation in New York is declared to be Al Smith. Al has long sought some sort of vindication or the episodes of 1928—not that he so greatly mourned being defeated or the presidency as he resented being forced to war a coat of bigotry which but illy befit the man. Incidentally, it has leaked out that the coalation to attempt to elect a United States Senator was incubated and hatched during Farley's few days' absense in Alaska.—Morning Union.

BOY SCOUT TROOP TO BE ORGANIZED IN LAKE TAHOE DISTRICT

TAHOE CITY, Aug. 18.— On Thurs day, August 18 at 7:15 p. m. Mr. Tejas Edwards will conduct a special meeting in the old school building at Tahoe City for the purpose of organizing a Boy Scout troop in this area.

In order to secure a charter it is necessary the project have three committeemen, a scout master, an assistant, a sponsoring organization and an enrollment of at least eigth boys of 12 years or over. Sponsors have volunteered and the Lake Tahoe Ski Club will take the organization under its wing and Mr. Edwards will serve as scoutmaster. Permission has been secured to use the old school house for storing equipment and holding meetings and all that remains to be done is to secure the necessary membership. As the move is favored locally, it is hoped the boys will avail themselves of this worthwhile opportunity. Thursday's meeting will tell the story.

Surprise Shower For Mrs. Pomin At Bechdolt Home

TAHOE CITY, Aug. 18.— Mrs. Carl Bechdolt, Jr., was hostess on Saturday at a charming surprise shower given at her lakeside home in honor of Mrs. Robert Pomin. A lovely luncheon preceded opening of the gifts which were presented in a huge pink and blue basket. Cards were later enjoyed. Guests included

STUDENTS TO STAGE CALIFORNIA PAGEANT ATOP OF DOLLAR HILL

TAHOE CITY, Aug. 18.—On Sunday August 28, in the beautiful natural setting of Tahoe's Theater of the Stars, atop Dollar Hill, members and faculty of the Tahoe Lake school will stage their first outdoor festival of the season.

Their theme appropriately will be California—A Historical Pageant in Music and Verse. The script has been cleverly woven into an interesting series of scenes depicting the early history of the state by Myrtle Gallinger, head of the elementary divisions. The skit will embrace such events as the building Sutter's Fort, adoption of the Bear Flag, excerpts on Tahoe from Freeman's diary, the early Missions, the gala festivals, the trappers, Indians and numerous other interesting phases of early pioneer life.

Musical numbers will be fittingly introduced and Miss Betty Blossom Tidwell will sing Indian Dawn. An enjoyable outing is promised and it is hoped the children participants will be led to a greater appreciation of the abundance of natural beauty with which Tahoe is endowed.

It is through the courtesy of Henry Droste and Arthur Crist the outdoor theater is being utilized. The theater is far from completed although todate hundreds of dollars have been spent in installing pipe lines and developing roads and in cutting and burning brush and clearing the site for the stage and ampitheater. Visitors are urged to bring cushions or camp stools and admission is free. The school orchestra will play a number of selections and several prominent speakers have been invited to address the gathering.

worth talking about

IT'S TRUE that good picture-taking is simpler with Kodak Verichrome Film in your camera. But the finer points in developing and printing make a difference, too. Experience has taught us these helpful tricks, and that's why the work we do seems better. See for yourself by leaving your next roll of exposed film here.

Water Tank Slated As Museum During Centennial Observande

SACRAMENTO, Aug. 18—With a large number of valuable relics of the early days of California being gathered for display at the Sacramento-Golden Empire Centennial in 1939, plans are being made for a perman ent museum to house the collection and preserve them for future generations.

City Manager James S. Dean of Sacramento has announced that museum space probably will be available in the new 3,000,000 gallon water tank which will be erected in the vicinity of 31st and J Streets under a bond issue recently voted by Sacramentans. This will be a tank similar to those already in use in Sacramento, which are the largest of their kind in the world.

Only the upper portion of the structure will be used for water storage, leaving a large space on the ground floor in which a museum can be established. The tank will be 146 feet in diameter 124 feet high.

Following the example of Governor Richard Kirman, Lt. Gov. Fred Alward announced that he will withdraw from the race for re-election. His announcement came as surprise to Nevadans, moreso than did the governor's since Alward had filed his papers for re-election.

Stick Printer Sought To Supervise Daily Sheet At Celebration

SACRAMENTO, August 18—The almost forgotten art of "sticking type" is being revived as veteran craftsmen loosen up in preparation for the preliminaries of the old time printers contest at the Sacramento-Golden Empire Centennial.

Entries in the contest are pouring in from all parts of the country to the Centennial Committee, which has offered a $1,000 prize to the "oldest old time printer who still can set type by hand." The tournament leading up to the final competition for the title will be a feature of the celebration next year, and the winner will supervise production of a daily newspaper printed on an old hand press ae Sutter's Fort.

Most ancient among the entries in the contest, which was announced 3 weeks ago, is L. H. Warner, 89-year-old printer and publisher of Lincoln, Nebraska. Warner claims 56 years of type-setting experience, and still is putting out his weekly paper using type set by hand "in the good old fashioned way."

One who is dusting off his type cases to begin a 'comeback campaign' is Police Judge John B. Baker of Imperial, California. Judge Baker was a printer for more than 50 years before he retired from that activity 5 years ago to become police judge and justice of the peace. He believes, however, that he can return to competition and win by 'previous experience.'

The contest has also lured Charles H. Smith, 83, from his desk as business manager of the Catalina Islander weekly newspaper published at the swank Pacific resort off the coast of Southern California. Smith, who was born in a mining camp on Mt. Diablo in 1855, has been in the printing business since he was 14 years of age.

Fred A. Severy of Berkeley , Calif., is 87 but 'fit enough to show up plenty of these youngsters.' James Charlwood Marsh of Los Angeles, 72, started in the trade in April, 1879, with Somerset House Printers in England. He challenges any printer his age to a contest "sticking type."

A comparative youngster among the entries is Paul L. Tate, 67, Berkeley, who started n the business in 1886 and has been at it ever since.

Nearly Two Million Spent On Roads In County In 4 Years

SACRAMENTO, August 18—During the four years and two months of his administration Governor Frank F. Merriam has been keenly interested in highway development in California.

Through the State Highway Commission, Governor Merriam has instituted many of the major highway improvements which have been completed or undertaken during the last four years.

For his information, the governor received from Earl Lee Kelly, Director of Public Works, through which agency all State highway work is carried on, a report showing the expenditure of State Highway funds in each county since 1934.

Kelly's tabulations show that in Nevada County the State has expended in that period a total of $1,830,951 on highway construction, improvement and maintenance.

During the same period Nevada Co. received from the state as its share of the one-cent gas tax, the motor vehicle license tax and the bus and truck tax a total of $283,706.74 and the cities of the counties were allocated for municipal highway purposes the sum of $31,047.31, representing their portion of the two one-quarter cent gas tax apportionments to cities.

In the last four years the Division of Highways of the Department of Public Works has spent in excess of $175,000,000 of gas tax funds, motor vehicle registration fees and Federal Aid monies on California highways.

TAHOE

Clifford Smith of Sunnyside had a novel experience on Monday. On Sunday he went fishing in the lake, but gave up when his line and hook became snagged on a floating log. Monday he was startled to see a large fish cutting capers in the water near the pier and went to investigate. Capturing the fish he discovered the big fellow had swallowed the baited minnow on his snagged line and had brought in obligingly his missing tackle. The fish tipped the scales at eight pounds and was a beautiful silver specimen.

Mrs. Florence Topp and her friend Mrs. Dorothy Miller returned on Sunday from their week's trek into the Tahoe scenic back country. During their jaunt on foot they covered 40 miles with 59 pound packs on their backs. They found considerable snow in the back mountains, poor fishing and an absence of all animals, but were recompensed by the gorgeous view from the ridge back of Grouse Lake and the great banks of wild flowers blooming at Lake Schmidell.

Gene Re has returned to his Tahoe home and, although greatly improved in health and spirits, he must refrain from heavy manual labor for a long pediod of time on doctors' orders. His father, Joe Re, recuperating from a badly injured arm, cannot drive a car but will supervise the operation of his sand, rock and gravel business as usual.

Thirty students are registered at the present time in the Tahoe branch of the Placer County high school, a new high for enrollment in this division.

The new wing of the grammar school is rapidly nearing completion under the supervision of Contractor Mayfield.

Troops Called in Election

Here are part of the 1200 Tennessee national guardsmen who were called out by Governor Gordon Browning "subject to duty for the state" in a bitter primary election. Governor Browning and Senator George L. Berry both were defeated for renomination by candidates of the Ed H. Crump political machine of Shelby County (Memphis). Prentice Cooper defeated Mr. Browning for the Democratic gubernatorial nomination and Mr. Berry lost the Democratic senatorial nomination to Tom Stewart, a lawyer.

Betting Odds

"SMART MONEY" FAVORS OLSON, MERRIAM OVER OPPONENTS

Betting odds on the August 30 election are quoted from the McClatchy News Service as follows:

— Governor's Race —

Gov. Frank F. Merriam 2 to 1 and 5 to 4 to defeat Lt. Gov. George Hatfield for G. O. P. Nomination. Culbert Olson, 2 to 1 to take Democratic nod. Even money that Ray L. Haight will not poll more than 200, 000 votes on all tickets. No betting on Progressive contest between Haight, Olson and William Riker.

— Senate Race —

Incumbent William Gibbs McAdoo, 2½ to 1 to take Bourbon nod for U. S. Senate post. Railroad Commissioner Ray L. Riley, 10 to 7 to defeat Philip Bancroft for Republican nomination.

Controller Riley Is In South On Business

State Controller Harry B. Riley left for Los Angeles to spend a few days in Los Angeles County. He will sandwich some campaigning in between board meetings which he must attend A meeting of the State Lands Commission is scheduled for Los Angeles.

Riley, before leaving, expressed him self as well satisfied with the progress of his campaign to succeed himself as controller. Every day, he stated, his campaign committees recieve fresh endoresments.

The vociferous campaigns for Senator and Governor have somewhat overshadowed the work of the candidates for the lesser state offices, but Riley has been working hard to show the voters the importance of continuing his non-partisan and economical administration.

Politically Speaking

by John W. Dunlap
United Press Staff Correspondent

SACRAMENTO, Aug. 18.— (UP)— Just as predicted, the final rebistration figures for the August 30 primaries credited the Democrats with a sizeable gain of 528,615 voters and the Republicans lost ground to the number of 174,404, based on the primary election registration in 1934.

Tthe grand total of 3,437,142 is the greatest registration in the history of California. It topped by 183,421 the for mer peak for the persidental election two years ago and by 374,935 the total of the 1934 primaries.

The Democrats now have a total of 2,022,726 mor than seven per cent higher than two years ago and a margin of 779,324 over the Republican total of 1,243,402 voters. The Republicans lost only 105 over the G. O. P. figures of two years ago but lagged an additional 140,712 voters behind the Democrats in a comparison with 1936 figures.

Another Republican loss was in counties with a G. O. P. margin. In 1936 Alpine, Humboldt, Lake, Sonoma, Glenn and Del Norte counties were in the Republican column. The last two switched over this year to Democratic majority.

California now ranks fifth among the states in total registration, being topped only by New York, Pennsylvania, Illinois and Ohio.

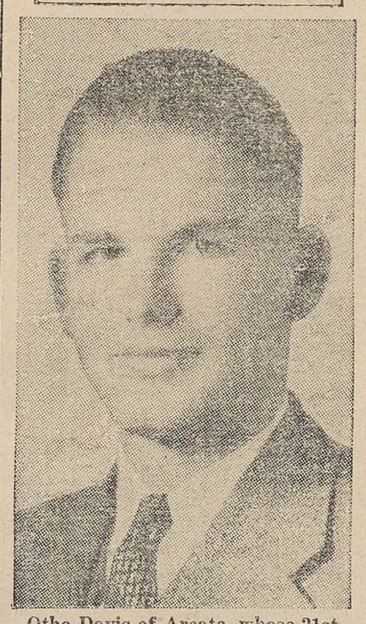
The most amazing fact was the almost 145 per cent gain in the Progressive party, which jumped from 4,128 in 1934 to almost 12,000 this year. The boost was directly attributable to the contest between Raymond L. Haight and Culbert L. Olson for the party nomination. Haight is a registered Progressive and figured to get on the November ballot regradless of his vote as a Republican and Democrat. But Olson slipped his name on the Progressive ticket at the last minute and hopes to win that vote as well as his own Democratic party, thus eliminating a third candidate in the finals.

Olson backers admit they "packed" the party with Democrats to get the former 1934 Democratic chairman nominated. But Haight followers are just as insistent that he represents the real Progressive voter and will win the nomination just as he did in 1934.

The influx of midwest and southern transients to California is believed on reason why the Democratic total soared this year. Many of this transient horde have gone on relief or the WPA and have a close tie with the National Democratic administration, in addition to having probably been Democrats in their home states.

The Democratis bulge again raises the question of whether a Republican candidate can overcome the handicap and be elected governor. Frank Merriam performed the feat in 1934 when Upton Sinclair was the Bourbon nominee and had about 200,000 votes to spare. A closer outcome is believed likely this November.

VOTES AT 20



Otho Davis of Arcata, whose 21st birthday falls on Aug. 31st, will vote for Gov. Merriam on Aug. 30th, the youngest voter in California.

FOR 'DEAR MAC'

Justus S. Wardell, Democratic leader and former candidate for the U.S. Senate (1932) and for Governor (1934) this week endorsed Senator William Gibbs McAdoo for re-election and ex-U.S. Comptroller General J. F. T. O'Conner for governor. Observers wonder whether its McAdoo or Wardell that has changed since 1932 when the 73-year-old incumbent was the blackest sort of a villain to Wardell.

Young Man, 20, Will Cast Ballot For F. Merriam

Although only twenty years old, Otho Davis of Arcata has registered and will vote for Governor Frank F. Merriam on August 30th.

Davis was born August 31, 1917. He will, of course, be 21 on August 31, 1938. It would seem that under the California law, which requires that all voters be 21 before they cast their first ballot, that Davis would miss one election.

However, he claims that one's legal birthday is one day before his actual birthday, and the California courts, according to the Arcata Union, have held that such is the case.

This will make Davis the youngest voter in the state. He says: "I am very happy to have this chance to cast my vote for Governor Merriam."

Another young Republican, not old enough to cast his ballot for the governor at the August 30th primary but who will vote for him in the general election November 8th, is Talmage V. Burke of Alhambra.

Young Burke, a student at the University of Southern California, in a letter to the governor explained that along with his vote he could add the votes of 20 or 30 of his young friends, all students at the southern school.

The Townsend Party, on the ballot for the first time, captured third place behind the Democrats and Republicans with more than 25,000 registered voters. The party has a fairly full slate of candidates on he ballot.

Los Angeles county had more than a third of this Townsend total with 9,665 voters.

The tremendous 1,461,861 total of Los Angeles county is the chief reason why the nine counties of southern California have an approximate margin of 300,000 voters over the rest of the 49 counties in the state. Most of the politicians are spending the remaining few weeks of the campaign in the south for that reason.

The Los Angeles total shows a Democratic figure of 888,398 and Republican registration of 487,362. San Francisco has the second largest total of 319,417, which includes 207,502 Democrats and 104,885 Republicans. Alameda is third with 162,470 Democrats 126,000 Republicans and a total 300,-266.

Little Alpine County which had a 1930 census of only 240 inhabitants, trails the leaders with only 210 registered, of whom 65 are Democrats and 142 Republicans.
